DL Zoom

NEW

"The part we love about Zoom is that he has helped every cow he has bred. He is a good breeder, sound and holds his condition well when out with cows. We like the rib, and the substance and the way he is made in the rear end. Zoom has done a lot of things right. Length of body is what comes to mind when we talk about his progeny, and they are real square made and they are super sound with plenty of rib."
